You can choose to dress more formally in the evening, but there is no required dress code.

Every day begins with a comprehensive à la carte and buffet breakfast. This is followed by the tour programme, inclusive of entry for museums, monuments, and shows, and always with by our multilingual guides. Transfers are undertaken in our private liveried coach. There is evening entertainment in the Pub-Salon, featuring several live performances throughout the trip. You can also enjoy a drink in another of the salons or go out for a stroll around the local area. The luxury train is parked at a station platform overnight, ensuring a good night's sleep.

Select cuisine has been chosen for these luxury journeys, combining the most prestigious restaurants along the route with our prize-winning onboard menus. Wine, coffee, tea, and liqueurs are included. Lunch or dinner may be at restaurants or on the train, depending on the daily programme and the train's itinerary. All breakfasts are onboard.

EL TRASCANTÁBRICO GRAN LUJO

Transcantábrico was inaugurated in 1983 in Leon, renovated in 2000, and then completely overhauled in 2011 to become El Transcantábrico Gran Lujo, one of the most exclusive and luxurious trains in the world. Since then, regular & painstaking renovations maintain high standards. Being designed for a narrow-gauge railway, El Transcantábrico Gran Lujo travels through otherwise inaccessible terrain. This enables you to enjoy nature in all its splendour, from high mountains to the Cantabrian coast, passing through valleys and along riverbanks. An unforgettable trip full of glamour, scenery, culture, and beauty.

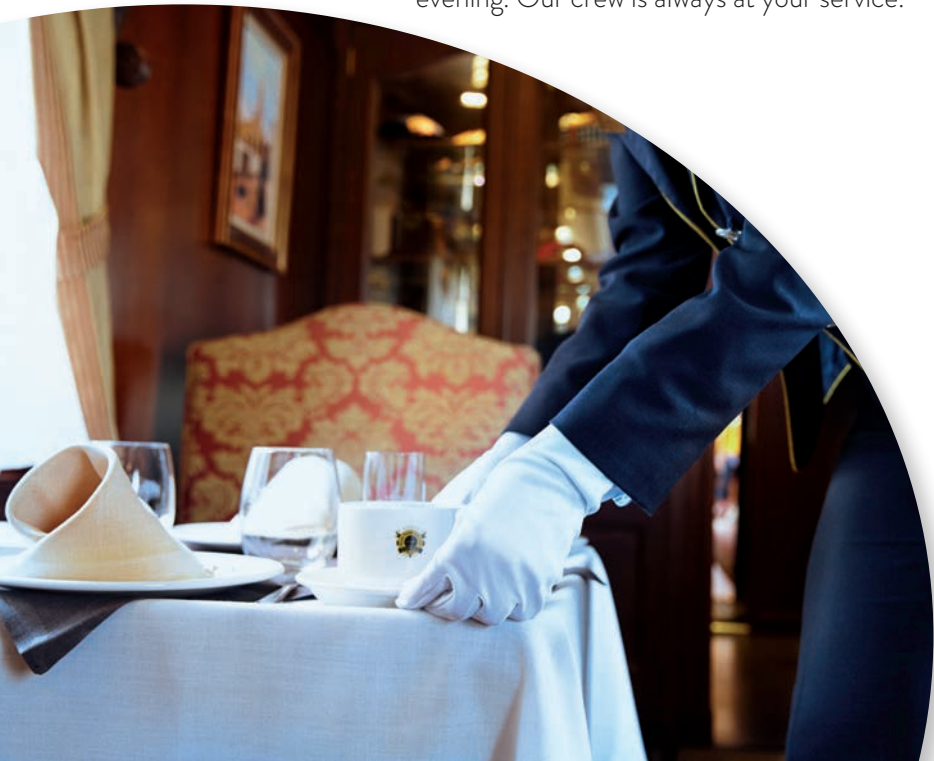

Accommodation

El Transcantábrico Gran Lujo is the most luxurious narrow-gauge train in the world and ranks highly beside other standard gauge luxury trains globally. The Grand Luxury Suites are designed for rest and privacy. There are only 14 suites in the train's 7 sleeper cars, guaranteeing spaciousness, comfort, and exclusivity. Each suite can be used as a single, double, or triple room. Each Grand Luxury Suite is a spacious, wood-paneled room with special detailing. There is a lounge, bedroom, and private bathroom. The sleeping area has a spacious double bed (150x200 cm) or two twin beds (85x200 cm), TV, and wardrobe, while the lounge area has a comfortable sofa, which can be a bed, luggage closet, writing desk, safe, minibar, flatscreen TV, music player, adjustable air-conditioning, multimedia computer with free Internet access, and internal telephone service. The spacious bathroom has a hydromassage shower, hairdryer, and an amenity set of welcome items and toiletries.

The Salons

The salon carriages are original 1923 Pullman cars, truly historic railway gems, designed and decorated specifically for El Transcantábrico Gran Lujo. The à la carte breakfasts are served in the salons. Enjoy our prize-winning chef's best cuisine in the dining cars. The bar is open 24 hours a day. There are national and international newspapers, television, a selection of books and videos, board games, etc. Relax in the Panoramic Salon, have an aperitif in our Tea Salon, or enjoy a lively evening in our Pub Car, which features parties, live music, and performances each evening. TREN AL ÁNDALUS

The Al-Ándalus train was launched in 1985 as a way of touring and exploring Andalucía. Following several setbacks, the train ceased operations in 2005 and was stabled in Sevilla. In 2011, the train was meticulously restored and redecorated, and started travelling again in 2012, this time on Iberian-gauge tracks. The wider gauge created more interior space, which, along with a length of around 500 metres, makes Al-Ándalus a real palace on wheels. This is a journey back to the Belle Époque of exquisiteness and sophistication, with today's technology.

Accommodation

The Al-Ándalus features two types of accommodation:

The Deluxe Suite: A spacious, elegant suite made up of a bedroom and private bathroom, perfectly adapted for resting and privacy. It features a spacious double bed (200x150cm), which becomes a comfortable sofa during the day. The spacious, comfortable bathroom has a shower, hairdryer and a varied set of welcome items and toiletries. Safe box, minibar, wardrobe, luggage closet or adjustable air-conditioning are other 21st-century comforts that this suite combines with the historic train's original appearance. The train has 20 Deluxe Suites.

The Grand Class Room: A cosy room with a private bathroom, which reflects the same size and atmosphere of the original compartments. It features two single beds that become comfortable armchairs during the day, as well as a minibar, safe, wardrobe, luggage closet, and adjustable air-conditioning. Its functional private bathroom makes good use of space, featuring a shower, hairdryer, and a varied set of welcome items and toiletries. The train has 12 Grand Class Rooms.

The Salons

The Al-Ándalus includes four railway jewels: its Salons Cars from 1928 and 1930. These common areas are designed for leisure and the joy of travelling in this spacious luxury train, while enjoying the buffet breakfast, lunch, or dinner on board, enjoying a relaxing drink, listening to musical performances, contemplating the scenery, or simply relaxing in their comfortable armchairs. All the cars are air-conditioned and open 24 hours a day for your use and enjoyment. The entire train is interconnected, which means you can walk throughout its length. Restaurant Cars, Piano-Bar Salon, Tea-Salon - you can enjoy every one of them, as well as the service provided by the crew under the Expedition Manager being the guide, head waiter, waiters, musicians and entertainers, cleaning and security staff, train driver, coach driver, and railway and maintenance technicians.

COSTA VERDE EXPRESS

After the success achieved by Transcantábrico in its first years, in 2000, a twin to the one being refurbished at that time was built and renamed as Transcantábrico II. In 2011, El Transcantábrico I, which was inaugurated and refurbished 2000, was completely renovated to create El Transcantábrico Gran Lujo, while El Transcantábrico II's name was changed to El Transcantábrico Clásico.

This was the case until 2022, when it was rebranded as the Costa Verde Express, with a shorter route and new livery; a modern luxury train that will enable you to discover the beautiful Green Spain.

Accommodation

The Costa Verde Express's 24 Suites are fully equipped so that you can enjoy the most comfortable stay on board. The Grand Class Suite is a cosy room with walls panelled in the finest wood, creating a warm, welcoming atmosphere. Each suite has its own complete bathroom, equipped with a shower, hairdryer, and a varied set of welcome items and toiletries. A large window enables you to enjoy the landscape. The entire train is interconnected, which means the passengers can walk throughout its length.

The Salons

The four salon cars are singular and beautiful spaces. These veritable jewels of the railway amaze passengers due to their external design, finish, and interior decoration. One of the four salons features a bar and dance floor. Called the Pub-Salon, it has décor and lighting like a small night club, where you can enjoy entertainment each evening. Another salon is a second Bar-Salon for enjoying a relaxing drink. In the other two salons, you can read, share a board game, chat, or contemplate the landscape through the large windows. Passengers are provided with daily newspapers, magazines, a nice selection of books from the library, television, video library; in short, everything they need to make their trip a real pleasure, as well as a select professional crew to look after them. trenes turísticos DE DÍA *renfe*

Consult our website to see which day trains are available at each time of year. These trains set off on singular trips in the morning and return in the evening, always accompanied by a coach and guide for the tours.

The trains are designed to promote areas of great beauty that are not yet overcrowded. Therefore, most of the trains collaborate with Provincial Councils, Town Councils, and Autonomous Regions that are interested in promoting their tourist resources by means of unique train journeys.

The trains are always accompanied by Renfe staff and guides, who provide explanations regarding the itinerary, and include tickets to different sites and tours.

On some occasions, we use historic trains or ones of singular beauty for these trips, while, on others, we include theatrical initiatives and entertainment in the train journeys.

This is a wonderful family plan for the weekend that cannot be missed.

We organise day train trips through any region of Spain. Consult our website to see which trains are operating at each time of year.
